PLEASE help support our cause and buy some advertising space from us. All monies earned will help us to get justice and help, if possible, for Ling-Ling and John to be re-united.

### **More about our rates ...**

Advertising on NoHumanity.com can be bought for a maximum of a 'penny-a-pixel'. Just decide how many pixels in length and width you wish to use and then multiple by one penny (other currencies vary).

We have produced a ready-made table of charges which will show full rates depending on which page you appear on, and the location on that page.

For example, any advertisement that does not appear on the homepage, or towards the bottom of the homepage, will be charged less. Rates will vary by 1/5th of a penny per pixel downwards.
